Speaker Biography

Kevin Su

Based in Beijing, China, Kevin Su is an application specialist with Crane ChemPharma & Energy, a global provider of industrial fluid control products and systems for critical applications worldwide. Since March of 2008 Kevin has been responsible for supporting the sales team in project execution, MRO conversions and obtaining AML approvals. He has technical proficiency in multiple products and provides support for specialized presentations and consultation.

Prior to working for Crane ChemPharma & Energy, Kevin spent two years as a senior application engineer for Tyco Flow Control, and six years as a senior application engineer for Metso Automation.

Kevin holds a Bachelor of Science degree in chemical machinery from the East China University of Science & Technology in Shanghai, China.
