

Darin Palmer

*Global Business Line Manager, Lined Products
CRANE ChemPharma Flow Solutions, Xomox®
Cincinnati, OH, United States*

Darin Palmer currently serves CRANE ChemPharma Flow Solutions™ as the Global Business Line Manager for Xomox® Lined Products where he is responsible for the company's entire line of Lined Products globally. In this role Mr. Palmer oversees new product development, profitability, demand, and growth of lined ball valves, lined plug valves, lined butterfly valves, lined check valves, and lined accessories.

Mr. Palmer joined the company in May of 2010 as a Vertical Marketing Manager where he led the efforts to develop and deploy vertical marketing tools for the company's fluid handling brands utilized in the BioPharm, Acetic Acid, and Silicon markets. He also maintained and expanded the tools for the Chlor-Alkali market segment.

Prior to joining CRANE, Mr. Palmer spent 7 years with Celanese where he held various positions including Chemical Process Engineer, Polyvinyl Alcohol Distribution Manager / Technical Sales, and, most recently, Sales and Market Development for Ticona Polymers.

Mr. Palmer holds a Bachelor of Science Degree in Chemical Engineering from Brigham Young University in Provo, Utah, and a Master of Business Administration Degree from West Texas A&M in Canyon, Texas.
